

Small Heart (Denoyer-Geppert)

1	right atrium	21	trachea
2	atrial appendage	22	annular ligament
3	coronary sulcus	23	tracheal cartilages
4	right ventricle	24	left primary bronchus
5	anterior interventricular sulcus	25	right primary bronchus
6	left ventricle	26	inferior vena cava
7	left atrium	27	coronary sinus
8	pulmonary vein	28	great coronary vein
9	pulmonary artery	29	left coronary artery
9a	right branch	30	fatty tissue
9b	left branch	31	right coronary artery
10	ligamentum arteriosum	32	sinoatrial (SA) node
11	ascending aorta	33	orifice of inferior vena cava
12	aortic arch	34	valve of inferior vena cava
13	brachiocephalic trunk	35	tricuspid valve
14	left common carotid artery	36	atrioventricular (AV) node
15	left subclavian artery	37	semilunar valves of pulmonary artery
16	superior vena cava	38	right branch of bundle of His
17	right brachiocephalic vein	39	Purkinje fibers
18	left brachiocephalic vein	40	chordae tendineae
19	descending aorta	41	bicuspid valve
20	esophagus	42	papillary muscle
		43	left branch of bundle of His
		44	interventricular septum
		45	semilunar valves of aorta
